Present

Jane Macdonell – Chair, Anna Chillingworth, Aysel Crocket, Heather Graham, Clare Ketteridge, Shabana Khalid, Susan Kidd, Charlotte Kirk, Helen MacInnes, Ailis Orr, Susan McGill, Lesley Ross

LEARNING POINT	ACTION	REVIEW
1. Child's name on DVD recording	Avoid	
2. Labial fusion	Purple book not specific for sexual abuse	
3. Green light to show scarring		
4. Difficulty of doing single handed colposcopy		

MCN CSA PEER REVIEW

25 February 2014

Present

Charlotte Kirk- Chair, Anna Chillingworth, Aysel Crocket, Elaine Crummey, Jenny Fusaro, Mark Howseman, Lindsay Logie, Helen MacInnes, Susan McGill, Lesley Ross, Geetha Veerasamy, Jill Yates

LEARNING POINT	ACTION	REVIEW
1. Confusing diagnosis of genital warts in children.	Waiting for purple book to inform local protocols	
2. Advice is swab only if redness is present		
3. Cross boundaries investigations very difficult for professionals in child protection		
4. Normal variance of anatomy and the changes under G A		
5. STI screening – increased number of syphilis in Adolescents in Tayside		
6. Self taken NAAT swab / plus blood test – only STI normal screening in sexual health clinic		

MCN CSA PEER REVIEW
25 March 2014

Present

Lindsay Logie- Chair, Anna Chillingworth, Aysel Crocket(VC), Sarah Clegg, Claire Ketteridge, Susan Kidd, Charlotte Kirk, Jane Macdonell, Susan McGill, Helen MacInnes, Lesley Ross, Jill Yates

LEARNING POINT	ACTION	REVIEW
1. Pre-IRD cases not being routinely followed up.		
2. Consent form BBV	Dr Clegg to discuss with Dr Jones	
3. School Feedback through IRD review group	Feedback to IRD group/peer review	
4. Not being forced to do a OOH medical by police, when no clinical need	Dr Logie to discuss with John Peterson and write to Police Rep re management of case	
5. Knee to chest position for boys examination, not left lateral.		

MCN CSA PEER REVIEW
29 April 2014

Present

Jane Macdonell – Chair, Sarah Clegg, Lindsay Logie, Helen Hammond, Hayley Harris, Kranti Hiremath, Shabana Khalid, Susan Kidd, Charlotte Kirk, Susan McGill, Helen MacInnes, Lesley Ross

LEARNING POINT	ACTION	REVIEW
1. Hep B vaccine storage	Information re availability is in MCN Protocols	
2. Importance of chronology – pulling together history	Introduction of chronology to CCH records.	
3. Need to establish source of bleeding in acutely bleeding cases	EUA if required	

MCN CSA PEER REVIEW
27 May 2014

Present

Aysel Crocket – Chair, Sarah Clegg, Anna Chillingworth, Elaine Crummey, Jenny Fusaro, Lindsay Logie, Shabana Khalid, Susan Kidd, Jane Macdonell, Helen MacInnes, Susan McGill, Jessica Street, Jill Yates

LEARNING POINT	ACTION	REVIEW
1. Follow up of teenagers re support emotionally and GUM		
2. Always watch the DVD after a JPF		
3. Difficulties getting good recording of abnormalities in single Dr Medicals – much better examination with 2 pairs of hands.		

4.	Child presenting with haematoma not having genital examination at the time (acutely)		
5.	Thinning of hymen evidence of repeated penetrative injury.		

MCN CSA PEER REVIEW

24 June 2014

Present

Clare Ketteridge – Chair, Anna Cumming (GP Trainee), Aysel Crocket, Jenny Fusaro, Shabana Khalid, Charlotte Kirk, Martin Lister (Trainee), Lindsay Logie, Jane Macdonell, Jen McGill (Trainee), Susan McGill, Alison McLuckie (Trainee), Lesley Ross

LEARNING POINT	ACTION	REVIEW
1. In cases of healed examination findings, need to review previous DVD recording of previous JPF		
2. Remember to flip cooperative young children over to complete experience of this examination technique.		

NO PEER REVIEW MEETING IN JULY

MCN CSA PEER REVIEW

26 AUGUST 2014

Present

Lindsay Logie – Chair, Aysel Crocket, Anna Chillingworth, Sarah Clegg, Jenny Fusaro, Shabana Khalid, Susan Kidd, Charlotte Kirk, Jane Macdonell, Helen MacInnes, Susan McGill, Alison McLuckie (Trainee), Lesley Ross

LEARNING POINT	ACTION	REVIEW
1. Challenges re medicals and whether they needed it to be done at weekends	Consideration at MCN	
2. Difficulty of single handed medical but Borders had a nurse which is beneficial		
3. Genital warts and clarity of management	To be discussed at MCN or wait until new publication of purple book	
4. Non-attendance to follow-up STI medical screening	Role of school/LAC nurse	
5. Treatment of genital warts/lichen sclerosis	Perhaps presentation by dermatology at peer review for current treatment	
6. Child protection teaching folder password	Consider informing other relevant Drs re process of	

		applying for password	
7.	50% of anally abused children have fissures	- MCN Update - highlighted this HH case as one that we would like ?????? ask her to present.	

MCN CSA PEER REVIEW
23 SEPTEMBER 2014

Present

Aysel Crocket – Chair, Anna Chillingworth, Elaine Crummey, Helen Hammond, Shabana Khalid, Susan Kidd, Charlotte Kirk, Lindsay Logie, Jane Macdonell, Helen MacInnes, Susan McGill, ,Lesley Ross, Leanne Snee

LEARNING POINT	ACTION	REVIEW
1. Anal fissures – chronic – differential diagnosis	Needs a surgical opinion	
2. Presentation of forensic update	Distribute to all colleagues	
3. Digital Penetration - timescales will increase to 48 Hours - vagina may increase to 10 days	To consider when new DNA profiling is launched	

MCN CSA PEER REVIEW
28 OCTOBER 2014

Present

Charlotte Kirk – Chair, Elaine Crummey, George Fernie, Susan Kidd, Lindsay Logie, Helen Macinnes, Susan McGill, Elizabeth Pilley, Lesley Ross, , Jessica Street ,Claire Sumner

LEARNING POINT	ACTION	REVIEW
1. STI screening	One clinic visit	
2. Perianal examination – as even if no disclosure at this time you may need to re-examine		
3. Expose and define all areas of skin in clitoris prepuce particularly all folds		
4. Difficulties with accessing dermatology referral currently within Lothian		

MCN CSA PEER REVIEW
25 NOVEMBER 2014

Present

Clare Ketteridge – Chair, Louisa Bertram, Shabana Khalid, Susan Kidd, Lindsay Logie, Jane Macdonell, Susan McGill, Lesley Ross, Lucy Simpson

LEARNING POINT	ACTION	REVIEW
1. Clear history and trying to get good anatomical position to inform examination		
2. Awareness of emotional distress		
3. Lack of swabs to do STI screening	Dr Logie to look into. Dr Hiremath – Peer Review	
4. Importance for continuity for patient to try and have same doctors review/follow up	Discussion	
5. Action points from a medical should be taken forward by person when examining and not handed over	Discussion	
6. Take history into account with examination and to turn child prone		

MCN CSA PEER REVIEW
16 DECEMBER 2014

Present

Clare Ketteridge – Chair, Sarah Clegg, Aysel Crocket, Jenny Fusaro, Kranthi Hiremath, Clare Ketteridge, Shabana Khalid, Charlotte Kirk, Lindsay Logie, Susan McGill, Lesley Ross, Jill Yates

LEARNING POINT	ACTION	REVIEW
1. • Think immunodeficiency • Can make good risk assessment by phone • Pigmental skin		
2. • Organic illness exclusion • Green light • Consider catheter		
3. • Green Light • Anatomical variations • Progression of septate appearance •
